

DRUG TRUST NOW, RETAILERS SAY, AT CONGRESS HEARING

Declare Price Cutting on Patent Medicines Is Club to Crush Small Dealers.

WASHINGTON, Feb. 6.—The new set "infant industry" in the United States is a "drug trust," members of the National Association of Retail Druggists told the House Interstate Commerce Committee to-day.

C. H. Nixon said that cutting prices on patent medicines was the club used by a combination of drug stores and cigar stores to drive small individual retailers out of business.

"We believe a monopoly is being started with the sale of the entire United States," said he. The druggists proposed that the

"TIZ" FOR SORE, TIRED FEET—AH!

"TIZ" is grand for aching, swollen, sweaty, calloused feet or corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, hot, smelly, sweaty feet. No more corns, calluses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" is the only remedy that draws out all the poisonous excretions which puff up the feet. "TIZ" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, calluses or bunions.

Get a 50-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "TIZ." Get a whole year's foot comfort for only 50 cents. Think of it.

HE RIDES TO DEATH ON AN AVALANCHE

Wyoming Rancher "Happy as a Lark" as He Shoots Down Side of Mountain.

JACKSON, Wyo., Feb. 6.—That "Windy" Nickman, a rancher of the Jackson Lake district, was killed while actually trying to "ride an avalanche," was the word brought here to-day by James Fitzmaurice. Fitzmaurice himself was buried, but escaped alive.

The two men were on the Conant trail when the snowslide struck, carrying them down a mountain side. Nickman was delighted and shouted a suggestion that they "ride her, it's great sport."

"Nickman was shouting and laughing like a schoolboy as the avalanche swept him down," said Fitzmaurice. "He seemed to regard the experience as a lark. When I went under he was about fifteen feet ahead of me, balancing himself on one leg." Nickman's death is the fourth resulting from avalanches in this vicinity this week.

AMENDMENT NOT OPPOSED TO STAND LICENSE LAW

Little Doubt that Measure Asked Newsdealers and Others Will Be Passed.

No opposition was manifested to-day when the Aldermanic Committee on General Welfare held a public hearing on the proposed amendment to the stand license ordinance recently introduced in the Board of Aldermen. Under the existing law, persons wishing licenses for news, fruit, bootblack or soda water stands must first obtain the consent of the Aldermen of the district in which the stand is to be located. The amendment makes it unnecessary for applicants to secure the Aldermanic approval. If the amendment is enacted, the Bureau of Licenses will have the power to issue stand licenses providing the owner of the property in front of which the stand is to be located gives his sanction.

DIVORCES NELSON SHIPMAN.

RENO, Feb. 6.—A decree of divorce was awarded to-day to Florence Shipman from Nelson Shipman, a New York lawyer, upon her allegations of cruelty and non-support. The defendant made formal denial and appearance, but did not contest. It was stipulated that no claim for alimony be made. Mrs. Shipman testified that immediately after the wedding in New York, Oct. 1, 1906, her husband took her to a hotel and forced her to register by a fictitious name. He refused, she said, to acknowledge her poverty as his wife, never provided her with a home and never appeared with her except when he occasionally took her out of town on clandestine trips.

WILSON BACKS BILL REPEALING FREE TOLLS IN PANAMA CANAL LAW

Senators Opposed to President's Proposition Ready to Fight Measure.

WASHINGTON, Feb. 6.—A bill to repeal the toll exemptions provision of the Panama Canal law was ready for Congress to-day as an Administration measure backed by President Wilson. Although repeal of this section, which would give free passage to American coastwise ships through the great waterway, involves a practical repudiation of one of the planks of the Democratic platform adopted by the Baltimore convention, Administration leaders were sure of prompt action in the House and began lining up their forces in the Senate, where the hardest fight will come.

Some Democrats there are avowedly in opposition to the President's wish and who have announced their intention of fighting his proposal.

A message to Congress, probably delivered in person by the President, is expected as soon as conferences develop the administration's course of action. Repeal of the free passage section will dispose of Great Britain's protest that it is in violation of the Hay-Pauncefote treaty.

Democratic Senate leaders inclined to the view that initiative action would be awaited from the House. The extent of the President's opposition is expected to be disclosed in the debate on the repeal of the general arbitration treaty with Great Britain. Senators who oppose the repeal of the toll clause argued to-day that the President's course might be considered wise from an international standpoint, even though the Senate should check its purpose.

Representative Adamson has his bill prepared to repeal the toll exemption clause, and is ready to introduce it when he hears directly from the President.

MARIE LLOYD BARRED AGAIN. Actress Refused Readmission After a Canadian Tour.

VANCOUVER, Feb. 6.—Miss Marie Lloyd, an English vaudeville singer, was refused readmission to the United States yesterday after the completion of an engagement in Vancouver, on the ground of "moral turpitude," as she had been when she first applied for admission at New York last fall.

Miss Lloyd was then passed by getting up a cash bond for \$4,000. The time limit on this guarantee expires March 4 and a legal point arises as to whether by crossing the international border the actress automatically cancelled the bond.

Bernard Dillon, a jockey, who accompanied Miss Lloyd, married her in Chicago a month ago, when Alec Hurley, her first husband, died.
